Bullying Prevention Toolkit for High School Educators

Compiled by:
Karen S. Karmazin, Ed.D.

May 2013
The Alberti Center for Bullying Abuse Prevention will reduce bullying abuse in schools and in the community by contributing knowledge and providing evidence-based tools to effectively change the language, attitudes, and behaviors of educators, parents, students, and society.

Overview of Bullying

As cited in the Alberti Center’s publication *Guide to School-Wide Bullying Prevention Programs* (posted on the Alberti Center website: gse.buffalo.edu/alberticenter):

Bullying is a form of aggressive behavior characterized by intent to harm, repeated occurrence, and an imbalance of power between the bully and the victim.¹ It can take both direct and indirect forms. More specifically, bullying can occur physically, verbally, through social manipulation or exclusion (relational aggression), or through electronic means such as a computer or cell phone, known as cyberbullying.²⁻⁴ Bullying impacts individuals across gender, age, and nationality,²⁻⁵ although it tends to peak in middle school.⁶ Studies have indicated that, across grade levels, approximately one in five children and adolescents are victims of bullying,⁷ and 32% of middle and high school students report bullying others or being the victims of bullying.⁸

Bullying can lead to negative outcomes for victims, including depression, withdrawal, loneliness, truancy, school dropout, and suicidal ideation.⁹⁻¹¹ Youth who bully may experience externalizing problems, inadequate coping skills, academic difficulties, and interpersonal relationships problems.¹²

Educators are often not involved since most students do not report incidents. These incidents may not be observed or noticed by school staff since they often occur in cafeterias, hallways, and on buses. Sometimes school personnel believe that bullying is a common part of childhood, and in other cases, staff may not know how to respond. There are cases where fear of retaliation from the student who bullies is prevalent. Research suggests that bullying is more likely to thrive in school environments where adults ignore or dismiss it and where students are not academically engaged or socially connected.¹³⁻¹⁵

Adoption of empirically-based school-wide programs and a commitment to sustained professional development can increase the probability of reducing bullying in our schools and communities. Most successful programs are those that use multi-level interventions.¹⁶⁻¹⁸ Experts generally provide guidelines for schools to follow as opposed to prescribing a particular program.¹⁹⁻²¹ Although there are variations in these guidelines, some of the common aspects to include are listed in Table 1.

To learn more about specific prevention efforts and programs, please refer to the publication entitled *Guide to School-Wide Bullying Prevention Programs* \textsuperscript{ENREF 8}\textsuperscript{24} posted on the Alberti Center website (gse.buffalo.edu/alberticenter/publications).
About the Toolkit

Purpose

The *Bullying Prevention Toolkit for High School Educators* is intended to provide educators with resources that support a positive learning environment and supplement comprehensive school-wide efforts to prevent bullying abuse and violence. It was created as a compendium of media that may assist educators in supplementing classroom instruction and to support individual and group counseling. Books and resources can be used to individualize instruction or as motivators prior and subsequent to lessons. This is by no means a static or comprehensive list but a resource that will be updated as additional publications and websites become available. The *Toolkit* includes book titles, videos, multi-media, and websites targeted to specific audiences including educators, parents, and students of all academic levels. Three separate documents are available for educators who service elementary, middle, and secondary levels.

Selection of Resources

The selection of resources for the *Toolkit* was based upon free and easily found materials available in schools and public libraries. In order to include a book, website or video in any of the toolkits, the resource needed to (a) be geared toward the population of PreK-12 students; and (b) include content focused mainly on the subjects of bullying prevention, character education, social emotional learning, or teaching tolerance. Books were vetted by using customer reviews of four or five stars from Amazon.com and reviews obtained from the *School Library Journal*. Websites were reviewed with regard to appropriate materials that could be shared in schools. Those websites that were primarily commercial in nature were not included.

Organization and Targeted Audiences

Resources listed in the *Toolkit* are detailed depending upon the media:
- The list of books include the following: title, descriptor, book type (fiction or nonfiction), subjects (e.g., bullies, behavior, character education), and interest and/or reading levels (as indicated in titlewave.com). Reading levels include the Lexile text measure and/or Fountas & Pinnell reading level. When available, links to the author’s website or a website pertaining to the book are included.
- Video and multi-media resources are organized by the following: audience (educators, parents, elementary, middle, and/or high school students) media type (app, DVD, video), and subjects.
- Websites are organized by description, audience, content, and subjects.

We would be happy to accept additional resources and recommendations, which may be directed to the Alberti Center at alberticenter@buffalo.edu.

gse.buffalo.edu/alberticenter
Legislation and the Use of the Toolkit

In New York State, the *Dignity for All Students Act* (Dignity Act) took effect on July 1, 2012. The intent of this legislation is to “promote civility in public schools and to prevent and prohibit conduct which is inconsistent with a school’s education mission.”25 The Dignity Act includes, but is not limited to, acts of discrimination and harassment based on a student’s actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (defined to include gender identify or expression), or sex. These eleven categories are referred to as protected classes.

As required by this legislation, employee training programs must be provided on an annual basis “to promote a positive school environment that is free from discrimination and harassment; and to discourage and respond to incidents of discrimination and/or harassment on school property or at a school function.”26 Websites and videos found in this toolkit can assist in the development of such professional development.

The Dignity Act also dictates that educators must provide student instruction in the areas of civility, citizenship, and character education by documenting and tailoring lesson plans that address the eleven protected classes listed above. Resources found in the toolkit can be adapted for a variety of populations. Some materials are highlighted in order to address specific protected classes and can be searched by the individual protected class identified in the first paragraph of this section.

On July 9, 2012, Governor Cuomo signed a new law that expands the recently adopted provisions of the Dignity Act and requires schools to take immediate action to help protect students from incidents of cyberbullying, which will take effect on July 1, 2013. Cyberbullying has been defined as bullying through e-mail, instant messaging, in a chat room, on a Web site, or through digital messages or images sent through a cell phone. 27 Guidelines for professional development are explicitly required including the development of interventions that are age appropriate. Curriculum related to civility, citizenship, and character education must include an emphasis on discouraging acts of harassment, bullying, and discrimination. Resources that apply directly to cyberbullying are indicated under the descriptor of subject.

Disclaimer

The books, websites, videos and other resources listed and described in this publication are intended as additional tools which educators, parents, care providers, and community-based organizations may find helpful. These resources are designed to teach children and teenagers about bullying, its effects, and the ways that students can work individually and with their families, teachers, counselors, and administrators to prevent and address bullying in a positive and proactive fashion. These tools, when used in combination with a comprehensive curriculum; personal and/or group discussions; and outreach and counseling services, are intended to help potential, current, and past victims of bullying, intimidation, or violence; and to help aid in efforts to decrease bullying behaviors.
However, these materials are listed herein for general information only and are not recommended for any specific situation or student. The listing of resources in this publication is not to be used or relied on for any diagnostic or treatment purposes and should not be used as a substitute for professional treatment or intervention. The University at Buffalo, its Alberti Center for Bullying Abuse Prevention, the UB Graduate School of Education, and the State University of New York (SUNY) and their officers and employees do not officially endorse specifically any of the resources found within this publication and expressly disclaim responsibility, and shall have no liability, for any damages, loss, injury, or liability whatsoever suffered as a result of relying on the information contained in this publication. For additional information and guidance on creating age-appropriate resources and curricula for students please contact us at: gse.buffalo.edu/alberticenter.

**Endgame**

By Nancy Garden

A new town, a new school, a new start. That’s what Gray Wilton believes as he chants, "It's gonna be better, gonna be better here." But it doesn’t take long for Gray to realize that nothing’s going to change—there are bullies in every school, and he’s always their punching bag. Their brutal words, physical abuse, and emotional torture escalate until Gray feels trapped in a world where he has no control, no support systems, and no way out—until the day he enters the halls of Greenford High School with his father’s semiautomatic in hand. Award-winning novelist Nancy Garden once again goes out on a limb, this time to show readers the cruelty of bullying and the devastating effects it can have.

Websites

**Born This Way Foundation**
http://bornthiswayfoundation.org

Description: This website was founded by Lady Gaga and her mother Cynthia Germanotta in order “to foster a more accepting society, where differences are embraced and individuality is celebrated.”

The goals described include creating a safe and useful place to celebrate individuality, teaching advocacy and identifying ways to implement solutions to impact local communities. Teachers can use the *Stories of Bravery* to inspire students’ responses in writing or podcasts. Students can share their ideas for actions and activities to impact their community.

**Audience:** Educators, Parents, Students (Middle and High)

**Content:** Blogs, Videos, Recommended Books

**Subjects:** Bullying Prevention, Character Education, Social Emotional Learning

---

**Bully Bust: Promoting a Community of Upstanders**

The Fat Boy Chronicles
http://thefatboychronicles.com/
http://www.imdb.com/title/tt1493243/

Overweight outsider Jimmy Winterpock is subjected to cruel bullying from his high school classmates. Despite the constant teasing and torment, Jimmy's strength to never give up helps him focus on his goals to lose weight and win over the girl of his dreams.

Audience: Students (High)
Type: DVD Video (2012) 78 min. Drama
Subjects: Bullying, Interpersonal Relationships, Obesity

Finding Kind
http://www.imdb.com/title/tt1539991/

Lauren can still vividly recall the horrific experiences she went through with girls in middle school. She grew up well aware of the fact that females can be outright cruel to each other and the fact that society has done nothing to bring attention to the severity of this issue. If anything, society has glamorized, mocked and accepted the "mean girl" phenomenon. For the last ten years of her life she has wanted to change this phenomenon. Watch as Lauren and her best friend Molly combine their experiences and passion to uncover what is really going on within the "Girl World." The two girls packed their bags and traveled across America in a mini-van with both their mothers to interview hundreds of females around the country. The stories they found will shock you to your core. Watch as the girls embark on an emotional and revealing roller-coaster around the country, while finding kindness along the way.
Written by Lauren Parsekian

Audience: Students (High)
Type: DVD Video (2012) 77 min. Documentary

### Relational Aggression in Girls:
**Bullying Behavior and What to Do About It**

Features a clear and powerful discussion of the complexities of relational aggression in girls and an overview of how to respond to it in practical, effective ways. The DVD reviews several of the factors that make bullying behavior so difficult in general and then thoughtfully clarifies the differences between girls and boys who intimidate or abuse others. The DVD also details a step-by-step process for responding to bullying behavior in girls, an approach that is essential for anyone working with children in groups, no matter what the setting. Among the topics covered: bullying behavior (relational aggression) in girls, bully behavior: two reasons, consequence: moving a dominant girl to another group, working with the parents of relationally aggressive girls.

School 26 HD Free Version

School 26 follows Kate, a student whose nomadic family has made it difficult for her to maintain long-term friendships. As she enrolls at her 26th new school, she and her parents strike a deal: if Kate makes good friends here, the family will stay put. Now the player must help Kate use intuition, empathy, and strategy to build friendships and navigate the often-treacherous social hierarchies of high school in this unique game of social mastery.

Silent Witness: Bullying

Nearly 30 percent of teenagers are bullies or victims of bullying, and 88 percent of teenagers are bystanders who do not interfere. Several strides are being made in school districts across the country to encourage bystanders to stick up for people being bullied and report the bullying to an administrator.

**Audience:** Students (Middle and High)  
**Type:** DVD Video (2010) 20 min.  
**Subjects:** Bullying, Bullying Prevention, Bystander
Stop Bullying! Standing Up for Yourself and Others

Bullying is pervasive in our schools. Over 150,000 students stay home from school each day to avoid harassment from their peers. An estimated 1.6 million young people in grades six through ten are bullied at least once a week. Many young people feel helpless in these situations. They need to know what to do if they are bullied or if they are a witness to bullying. Through expert advice and students' real-life experiences, Stop Bullying! gives students concrete steps they can take to respond to bullying.

**Audience:** Students (Middle and High)

**Type:** DVD Video (2003) 20 min. Education

**Subjects:** Bully Prevention, Character Education, Self-Perceptions, Violence Prevention
