• Engage in research studying:
  o Spatial literacy
  o Conceptual development
  o Classroom conversations
  o Technology use
  o Social semiotics
  o Gestures, embodiment, multimodality and more
• Collaborate with educators, engineers, mathematicians, scientists and psychologists.

I chose UB when I wanted to make a career change. UB has offered me the excellent education, flexibility, and support I needed to start a successful new career in teaching.
- Jill (former engineer, current Math Ed student)

The course offerings and opportunities to work with faculty on research provided experiences that enabled me to jump-start my own career in a tenure-track faculty position. - Courtney (Ph.D. ’12)
