

DV Uncommercial Project

Directions: Create a 30 – 40 second *uncommercial* to “sell” one of the themes of the autobiography A Child Called “It.” Use your storyboard as a guide to select sounds, images, text, voice-overs, and/or music that will effectively convey your tone toward the theme. Be sure to include the requisite final title screen. Your group will have **only three class periods** to work on your uncommercial. SO USE YOUR TIME EFFICIENTLY!
