

Sample Confessional Paragraph

I don't know why Darry hit me, but I'm not going to take it anymore! Ever since our parents died, he tries to act like my father. Like he could ever take his place, huh? Darry is always on my case. He hassles me about school and has to know where I am all the time. He's not my father, just my brother. I'll show him. If he thinks he can hit me and I'll just take it, well then, I'll run away with Johnny. Maybe then he'll care. First, I'll go meet Johnny in the lot. I have to cool off. Then Johnny and I will put a plan together. Whatever it is, it has to be better than putting up with Darry treating me like a little kid.
