

Response to Self-Selected Poem (from poetry packet)

Read over the poems in your packet. You and your partner must choose one poem that you will turn into a storyboard for a film.

Now that you have chosen a poem, write a brief response. If you have trouble responding to the poem, you may find one of the following options helpful:

- focus on your interpretation of the poem (i.e. What does the poem mean to you?)
- focus on a personal connection to the poem
- focus on a connection to the outside world (media, film, literature, politics, etc.)
- explore what images you might use if you were to turn this poem into a short film

Use the space below to write your response.

Now, confer with your partner about your interpretations to the poem. It is your job to use the storyboard on page (?) to plan your film.
