In this captivating presentation, Denise Bissonnette presents a unique and inspiring framework around the critical and often elusive issues of motivation and self-esteem, as they relate to preparing people for the world of work. This workshop gives employment professionals methods and insights for strengthening an applicant’s motivation and spirit to work.

Focus will be in the following areas:

- Assessing the hopes, dreams, talents, and basic human needs for people on level of skill and ability
- Examining the beliefs, perceptions, assumptions, and perspective that job seekers hold toward working
- Enabling people to move beyond perceived and real barriers to employment
- Helping people through the necessary transitions which accompany change

RAEN would like to thank the following organizations for their support of this event:

- RRCEP Region II
- APSE
- Denise Bissonnette
- United Way of Rochester
- Overcoming Disability Investment Team
- ABVI
- The Town of Brighton
